PROFESSIONAL SUMMARY

Backend Software Engineer with 2+ years of experience in Laravel, Vue.js and Inertia.js, focused on SaaS, API development, and system optimization. Proven track record in building scalable, secure applications and enhancing performance through efficient backend architecture.

SKILLS & TECHNOLOGIES

- **Backend Development:** PHP, Laravel, OOP, MVC architecture, RESTful API Design, Eloquent ORM, Middleware, Queues & Jobs, Laravel Horizon, Spatie Roles & Permissions
- **Database & Caching:** MySQL, Redis (caching, queues), Query Optimization, Eager & Lazy Loading
- **Authentication & Security:** Laravel Sanctum, Breeze, JWT, OAuth2, Passport
- **Software Architecture:** SaaS, Multi-Tenant Applications
- **DevOps & Tools:** Git, GitHub Actions (CI/CD), Docker (basic), Postman, Jira, Bitbucket, Slack
- **Third-Party Integrations:** Stripe, PayPal, Bkash, SendGrid, Twilio, BulkSMSBD
- **Frontend Technologies:** Vue.js, Inertia.js, Tailwind CSS, Bootstrap

WORK EXPERIENCE

Junior Software Engineer

Nonditosoft – Remote | Aug 2024 – Present

- Building multi-tenant SaaS platforms using Laravel, Vue.js, and Inertia.js.
- Developing RESTful APIs, integrating Sanctum-based authentication, optimizing Redis queues.
- Contributed to eCommerce module on Magento-based BodyByPori project.

PHP Laravel Intern

Nonditosoft – Remote | Apr 2024 – Jul 2024

- Assisted in backend module development, debugging, and third-party integrations.
- Worked on admin dashboards and optimized multi-tenant logic.

Web Developer (Contract)

Australian Multicultural Community Centre (AMCC) – Remote | Mar 2024

- Delivered a Laravel-based website with dynamic form generation and admin features.

Web Developer (Contract)

Arfan Family's Smiling Baby Foundation (AFSBF) – Remote | Nov 2023 – Feb 2024

- Developed a Laravel donation platform with secure transaction handling.

Web Developer (Contract)

Jatiya Kabi Kazi Nazrul Islam University – Remote | Mar 2023 – Oct 2023

- Delivered two departmental conference sites for Science and Arts faculties.
- This was so much helpful to bring foreign speakers and local members in one place.

PROJECT HIGHLIGHTS

Muhuri (*Multi-Tenant SaaS System*)

- Developed a scalable automation suite across 3 dedicated services: muhuri-tenant ([Code](#)), muhuri-central-admin ([Code Site](#)), and muhuri-web ([Code Site](#)).
- Integrated Redis, Horizon, and modular role-based access control, implemented payment gateways (Bkash), integrated sms notification (BulkSMSBD), used translation feature.

HRM (*Multi-Tenant SaaS System*)

- Built and managed a complete HRM suite spanning 4 systems: hrm-tenant ([Code](#)), hrm-central-admin ([Code Site](#)), hrbee-hrm ([Code Site](#)), and hrbee ([Code Site](#)).
- Implemented chart, calendar, employee attendance and leave request system, authentication, and CI/CD workflows, used translation feature.

BodyByPori (Magento-based) ([Site](#))

- Contributed to development and maintenance of an eCommerce platform using Magento.
- Focused on frontend enhancements, bug fixes, and performance optimization.

Charity Platforms – AFSBF ([Code Site](#)) & AMCC ([Code Site](#))

- Developed platforms with secure forms, donation modules, and email notification systems, and integrated payment methods like Stripe and Paypal.

Nazrul Institute Website ([Code Site](#))

- Created a website for Nazrul Institute at JKKNIU with content display and archival features.

Conference Portals

- Developed conference registration platforms for Science ([Site](#)) and Arts ([Code Site](#)) faculties at JKKNIU.

SOFT SKILLS

- Strong problem-solving and debugging ability
- Collaborative team player with leadership and mentorship experience
- Adaptive to new tools, technologies, and evolving project needs
- Clear communicator, able to bridge technical and non-technical gaps

EDUCATION

Bachelor's in Computer Science & Engineering

Jatiya Kabi Kazi Nazrul Islam University | Graduation Year: 2024
